

Testimonials: Anne Gerrish of Penguin Office Services

"We have found Penguin Office Services to be professional, reliable and prepared to work as long as necessary to get our various assignments done. We would highly recommend their services."

BBC Newsgathering

"I found Penguin Office Services via a search link on the Internet, and it was the best search ever! I had a very strict deadline to meet for a big project my company was working on, and Penguin transcribed many interviews within a very short space of time. The transcriptions were very accurate and it was good to know that Penguin Office Services was able to bring together a group of transcriptionists who all worked together to meet my deadline. Excellent job!"

Gurjit Kaur
Learning and Skills Development Council

"We are very happy with your work on the transcriptions, with their comprehensive coverage and with the fast turnaround time in which you have completed them. We may be in a position to have a similar number of interviews transcribed next month or in the New Year, in which case you will be our first choice for this work."

Conor Molony
London School of Economics

"Your continued support and superb perspective on how to improve my writing was instrumental in my completing my dissertation in the time frame that I did. If it were not for your expert advice, I am confident that I would still be on chapter five (findings and observations) trying to reckon out why the figures in my tables did not match the figures in my charts.

"Your patience and willingness to persevere through the onslaught of re-writes that I sent you, all the while maintaining the utmost professionalism, was one of the highlights of my 'dissertation journey'."

"I've been delighted with the prompt service I've received from Penguin Office Services. The quality of transcription work has been excellent and really helped me with my research work. Highly recommended!"

Felicity Powell, University of Hull

"Anne Gerrish is just wonderful. She is very professional. Because English is not my first language proofreading was desirable for my Masters dissertation in Political Economy. I was very satisfied with her excellent work. My dissertation was revitalised."

Mitsuhiro Iguchi, University of Birmingham

"All done and ahead of schedule as well! Well done to you! We have been really impressed with your help and the time you took to turn the transcriptions around, thank you so much! It was great doing business with you and we'll definitely get in touch in future for other jobs."
